I would like to take this opportunity to thank Herman Davila, David Roldan and the entire Illinois Police Coalition members for helping my family through this difficult time while recovering. While my recovery is slow, the doctors are looking for solutions and we remain positive. My family and I are extremely grateful for the help received by the Illinois Police Coalition. We were extremely surprised when we received a donation from IPC, of \$1500 which has helped my family in moving forward and has given us much needed assistance. Once again, my family says thank you Herman and David and may God Bless you for creating the Illinois Police Coalition "For Policemen by Policemen". It is a blessing!

Respectfully,

The Lopez Family
